

Product Specifications for DIG Pop-Up Micro Sprayers

- Operating pressure: 15-30 PSI
- Nominal operating pressure: 30 PSI
- Wetting diameter: up to 11.2'
- Orifices sizes: .30-.80"
- Filter requirement: minimum of 80 mesh
- Pop-Up Height: 12" (total height when popped-up 21")
- Inlet size: 1/4" barbed side outlet
- Materials:
 - Body and piston: semi-rigid polypropylene
 - Seals: EPDM and vinyl
 - Base: high-impact plastic
 - Spring: stainless steel 304

Pressure vs Flow vs Reach:

	90° (blue .03")		180° (green .06")		360° (red .08")
