

## Operating Specifications

- Flow rate: 0.2 to 40 GPM
- Recommended pressure range: 20 to 150 PSI

## Solenoid Specifications

- 24 VAC solenoid
  - 350 mA inrush, 190 mA holding, 60 cycles
  - 370 mA inrush, 210 mA holding, 50 cycles

## Factory Installed Options

- Valve without solenoid
- DC latching solenoid

## User Installed Options

- Solenoid conduit cover (P/N 464322)
- DC latching solenoid (P/N 458200)
- Accu-Sync pressure regulator
- Reclaimed water ID (P/N 269205)
